CURRICULUM VITAE

Qi-Li Gao [高琦丽]

Department of Land Surveying and Geo-Informatics

Tel: +86 13554748717

The Hong Kong Polytechnic University

Email: qi-li.gao@polyu.edu.hk

EDUCATION

Ph.D. Cartography and Geographic Information Science, Wuhan University (09/2015-12/2019) Dissertation: Big Data-Driven Analysis on Urban Activity Space Dynamics M.S. Surveying and Mapping Engineering, Wuhan University, Wuhan (09/2013-06/2015) Dissertation: Cabdrivers' Behavior Patterns Analysis from the Trajectory Data

B.S. Geographic Information System, Wuhan University, Wuhan (09/2009-06/2013) Dissertation: Risk Assessment for Drought Disaster Based on Graphic Modeling

RESEARCH INTERESTS

- Geographic Information Science (GIS)
- Urban Socio-Spatial Inequality
- Human Mobility and Activity
- Spatiotemporal Data Mining and Analytics

PROFESSIONAL POSITIONS

03/2021-present Postdoctoral fellow, The Hong Kong Polytechnic University, Hong

Kong

01/2020-02/2021 Postdoctoral fellow, Shenzhen University, Shenzhen, Guangdong,

China

RESEARCH PROJECTS

2021-2023 National Natural Science Foundation of China (NSFC), "Method of Measuring Urban Inequality Based on Multi-dimensional Activity Space Features (基于多维活动空间特征的城市不平等性测度方法研究)". (PI, RMB 240,000)

- Inferring individual activity space features from big data;
- Measuring disparities in activity patterns among different social groups based on inferred activity space features;
- Modeling the associations between urban spatial structure and activity disparities.

Postdoctoral Science Foundation of China (NSFC), "Identifying the boundaries and spatial structure of metropolitan areas using multi-source big data (大数据解析都市圈范围及其空间结构)". (PI, RMB 80,000)

• Inferring individual activity features from multi-source spatio-temporal data;

- Identifying the boundaries of metropolitan areas based on multi-dimensional indicators;
- Revealing the spatial structure of metropolitan areas from the dual perspective of "function-network".
- 2019-2022 National Natural Science Foundation of China-Joint Programming Initiative Urban Europe (NSFC-JPI_UE), "SIMETRI: Sustainable Mobility and Equality in Megacity Regions-Patterns, Mechanisms and Governance (超大城市区域的可持续交通与均等化:模式、机理与治理)". (Researcher)
 - Developing a data analysis and simulation platform;
 - Studying socio-spatial segregation using big data;
 - Investigating the influencing factors of socio-spatial inequality.
- 2017-2020 National Natural Science Foundation of China (NSFC), "Data-driven Research on Spatial Selection Behavior Mechanism (大数据驱动的空间选择行为机制研究)". (Researcher)
 - Exploring individual travel trajectory and attribute characteristics from various big data, including public transit smart card data, private vehicle plate recognition data;
 - Estimating individual and group characteristics and differences based on data-driven approach.

CONFERENCE PRESENTATIONS

Gao, Q.-L., Yue, Y. Li, Q.-Q. Revealing activity disparity between different social groups by travel mode. The 16th Workshop on Spatial Behavior and Planning, 2020. Xiamen, China. Oral presentation.

Gao, Q.-L., Yue, Y. Li, Q.-Q. Exploring the spatial segregation of new Migrants based on activity space: A big data approach. The 27th International Conference on Geoinformatics, 2019. Sydney Australia. Oral presentation.

Gao, Q.-L., Yue, Y. Li, Q.-Q. Understanding socio-spatial segregation from activity space: A big data approach. The 13th IACP conference, 2019. Chengdu, China. Oral presentation.

Gao, Q.-L., Yue, Y. Li, Q.-Q. Urban commuting dynamics in response to public transit upgrades: A big data approach. The 16th Interactional Conference on Computers in Urban Planning and Urban Management, 2019. Wuhan, China. Poster.

Gao, Q.-L., Yue, Y. Li, Q.-Q. Identifying intra-city residential spatial distribution changes using transit smart card data, The 25th International Conference on Geoinformatics, 2017. Buffalo, U.S. Oral presentation.

PROFESSIONAL SKILLS

- Strong skills in spatiotemporal data analytics, geospatial analytics, modeling and visualization, statistics
- Domain knowledge in GIS, urban planning, transportation studies, urban theories, and economics
- Proficient in programming languages such as Python, Matlab
- Expert in ArcGIS, GeoDa, QGIS, SPSS.

REFEREES

Prof. Qing-Quan Li (PhD supervisor and postdoctoral co-supervisor)
 President of Shenzhen University

Email: qqli@whu.edu.cn

• Prof. Yang Yue (PhD co-supervisor)

Shenzhen University

Email: yueyang@szu.edu.cn

Prof. Chen Zhong (team member)
 University College London

Email: c.zhong@ucl.ac.uk
